GRAND ROUNDS LECTURE SERIES

Heidi C. Memmel, MD, FACS
Assistant Clinical Professor, Department of Surgery
University of Illinois, Chicago
Clinical Instructor, Rosalind Franklin University,
North Chicago, IL

October 10, 2017
8:00 AM
“Breast and Ovarian Cancer Prevention: Risk Stratification and Management in Young Women”

Learning Objectives:
Upon completion of this workshop, participants will be able to:

• Discuss breast and ovarian cancer risk with their young, female patients and feel a sense of urgency to initiate these conversations
• Identify which patients are at increased risk for developing breast or ovarian cancer and refer them for genetic counseling and testing as needed
• Ensure high-risk young women understand their options for prevention and early detection
• Encourage all young, female patients to practice healthy lifestyle habits, regardless of their risk level, in an effort to reduce their likelihood for developing breast and ovarian cancer
• Help young women develop strategies to be proactive advocates for their health
