October 17, 2017
8:00 AM
“Maternal Mortality in Michigan”

Learning Objectives:
At the end of the program, the participant should be able to
1) List the three leading causes of maternal mortality in Michigan
2) Describe the percentage of cases of maternal mortality that are preventable
3) (Preventability of a maternal death may be attributed to the patient, a provider, or a system factor.) Give two examples of system factors that may contribute to a maternal death.

Commercial Relationship disclosure: Speakers have no relationships to disclose.

Hutzel Women’s Hospital, Kresge Auditorium, 2nd Floor, 3990 John R, Detroit, MI 48201
