“Private Makeovers: Genital Body Image and Women’s Sexual Health”

Learning Objectives:

Upon completion of this workshop, participants will be able to:

- Describe the various genital modifications including cosmetic procedures that are being marketed and performed.
- Identify how women's body image influences sexual health, how the objectification of women's bodies may be contributing to an increase in genital body image dissatisfaction among women.
- Translate information obtained in this presentation to practice through better understanding of how to respond to women's concerns regarding their genital appearance.
- Understand the complexities of the issue of genital appearance when the issue is situated within the intricacies of women's lives.
