Richard V. Grazi, MD

Founder, GENESIS Fertility & Reproductive Medicine
Director, Division of Reproductive Endocrinology
Maimonides Medical Center
Associate Clinical Professor
Obstetrics, Gynecology and Reproductive Sciences
SUNY Downstate School of Medicine
Brooklyn, NY

October 23, 2018

8:00 AM

“Revisiting Reproduction in our Toxic Environment”

Learning Objectives:

At the completion of the lecture, the following should be understood:

1. The prevalence of unexplained infertility
2. The upward trend in male subfertility and possible causes
3. The potential role of environmental factors in causing female and male infertility
4. Potential ways in which couples seeking fertility services may help themselves
5. Social and political factors that may affect the future of reproductive medicine
