BERNARD GONIK, M.D.

PUBLICATIONS:

A. ORIGINAL ARTICLES IN REFEREED JOURNALS

97. Chung IN, Svinarich DM, Zaher FM, Gonik B, Johnson MP, Evans MI, Diamond MP, Yelian F, Diamond MP

104. Gonik B, Fasano N, Foster S: The obstetrician/gynecologist’s role in adult

923-33, 2007

121. Gonik B: The role of obstetrician/gynecologists in the management of Hepatitis C virus infection. Inf Dis Obstet Gynecol Article ID 374517, 7 pages, 2008

B. REVIEW ARTICLES

5. Gonik B: The use of amniocentesis in PROM. Practical Reviews in Obstetrics and Gynecology. 10:(10), 1985

27. Branch DW, Porter TF, Paidas MJ, Belfort M, Gonik B: Obstetric uses of IVIG:

42. Gonik B. Strategies for fostering HPV vaccine acceptance. Inf Dis Obstet Gynecol 2006; Article ID 36797, 4 pages

44. Goud AP, Goud PT, Diamond MP, Gonik B, Abu-Soud HM. Activation of the cGMP signaling pathway is essential in delaying oocyte aging in diabetes mellitus. Biochemistry 2006; 45(38):11366-78

45. Li Y, Gonik B. Is congenital syphilis really congenital syphilis? Inf Dis Obstet Gynecol 2006; Article ID 81629, 4 pages

47. Gonik B. The role of obstetrician/gynecologists in the management of Hepatitis C virus infection. Inf Dis Obstet Gynecol 2008; Article ID 374517, 7 pages

C. CHAPTERS IN TEXTBOOKS

D. EDITED PERIODICALS AND TEXTBOOKS

E. CASE REPORTS

F. EDUCATIONAL MATERIALS AND COMPUTER PROGRAMS

3. Benedetti TJ, Gonik B, Young WW. Shoulder dystocia. ACOG update 21(11), 1996

ABSTRACTS

12. Kohl S, Loo LS, Gonik B: Defective target cell adhesion and IgG Fc receptor (FcR) expression associated with low neonatal antibody-dependent cellular cytotoxicity (ADCC) to herpes simplex virus (HSV), Society for Pediatric Research, May 1984

20. Gonik B, Loo L, West S, Kohl S: Natural killer cytotoxicity (NKC) and antibody-dependent cellular cytotoxicity (ADCC) to herpes simplex virus (HSV) infected cells in pregnancy, Infectious Disease Society for Obstetrics and Gynecology, August 7-10, 1985

30. Engelkirk PG, Gonik B, Loftin K, Griffin ME, Seibel M: An antimicrobial susceptibility test system of value for three diverse etiologic agents of vaginitis. Infectious Disease Society for Obstetrics and Gynecology, August 9, 1986

36. Allen RH, Bose A, Chachere AV, Gonik B: The application of engineering models for defining shoulder dystocia, Association for the Advancement of Medical Instrumentation, Los Angeles, California, May, 1987

38. Gonik B, Loftin KC, Kumaran P: Natural killer cell cytotoxicity to herpes simplex virus infected cells in peripheral versus uterine blood. Infectious Disease Society for Obstetrics and Gynecology, July 2-9, 1987

41. Loftin KC, Gonik B., Kumaran P: Natural killer cytotoxicity (NKC) and antibody-dependent cell cytotoxicity (ADCC) to herpes simplex virus-infected target cells in murine pregnancy. ICAAC, New York, New York. October 4-7, 1987

47. Gonik B, Loftin KC, Ramirez C, Walsh SW: Effects of herpes simplex virus infection on natural killer cell cytotoxicity and prostacyclin production in pregnancy. Society for Gynecologic Investigation, Baltimore, Maryland. March 18, 1988

54. Gonik B, Seibel M, Woodin MB, Berkowitz A, Mills K: A comparison of two enzyme-linked immunosorbent assay (ELISA) for herpes simplex virus (HSV) antigen detection. Infectious Disease Society for Obstetrics-Gynecology, Quebec City, Quebec, Canada. August 3-5, 1989

55. Larsen JW, Gabel KS, Seibel M, Gonik B: Imipenem-cilastatin vs. clindamycin-gentamicin for serious pelvic infections. Infectious Disease Society for Obstetrics-Gynecology, Quebec City, Quebec, Canada. August 3-5, 1989

56. Feinberg BB, Loftin K, Tan NS, Donovan PK, Gonik B: Immunomodulation of cellular cytotoxicity to herpes simplex virus (HSV-1) infection in the pregnant murine model. Infectious Disease Society for Obstetrics-Gynecology, Quebec City, Quebec, Canada. August 3-5, 1989
57. Gonik B, Peavy DL, Buescher S, Dennison D, Lilljedahl J, Seibel M, Creasy RK: Endometrial stromal cell (ESC) induction of interleukin-1B (IL-1B) by bacterial endotoxin (LPS). Infectious Disease Society for Obstetrics-Gynecology, Quebec City, Quebec, Canada. August 3-5, 1989

58. Diaz JJ, Gonik B, Loftin KC, Brath PC: The release of arachidonic acid metabolites by peritoneal cells from pregnant and virgin mice infected with herpes simplex virus type I (HSV). University of Texas Medical School Summer Research Program, Houston, Texas. September 19, 1989

62. Samaan NA, Pham FK, Gonik B and Creasy RK: Insulin-like growth factor II (IGF II) and nonsuppressible insulin-like activity (NSILA) levels in premature, small, average-birth-weight, and large infants. Society for Gynecologic Investigation, St. Louis, Missouri. March 21-24, 1990

76. Moore K, Gonik B: Detection of human papilloma virus (HPV) by polymerase chain reaction (PCR) and in situ hybridization (ISH) in cervical smears. University of Texas Medical School, Summer Research Program, Houston, Texas. October, 1991

82. Pediatric Pulmonary and Cardiovascular Complication of Vertically Transmitted HIV-Infection Study (P²C² HIV Study) Group: Rapid decline in CD4+ lymphocytes in HIV-infected vs HIV non-infected infants studied from birth in prospective NHLBI P²C² HIV study. American Academy of Allergy and Immunology, October 5, 1992

84. Mellins RB, for the P²C² Study Groups: Pediatric pulmonary and cardiovascular complications of vertically transmitted HIV infection (P²C²). IXth International Conference on AIDS, Berlin, Germany. June 7-11, 1993

85. Lipshultz SE, for the Pediatric Pulmonary and Cardiovascular Complications of Vertically Transmitted HIV-Infection Study (P²C² HIV Study) Group: Progressive cardiac dysfunction in HIV-infected children - the prospective NHLBI P²C² HIV study. IXth International Conference on AIDS, Berlin, Germany. June 7-11, 1993

86. Shearer WT for the Pediatric Pulmonary and Cardiovascular Complications of Vertically Transmitted HIV-Infection Study (P²C² HIV Study) Group: Early decline in CD4+ lymphocytes predicts HIV infection in high risk infants tested from birth in prospective NHLBI P²C² HIV study. IXth International Conference on AIDS, Berlin, Germany. June 7-11, 1993

91. Gonik B, Rachmilewitz J, Hochberg A: Induction of tumor necrosis factor (TNF) and interleukin-6 (IL-6) mRNA in cytotrophoblasts (CYTO) exposed to lipopolysaccharide LPS. Society of Perinatal Obstetricians, Las Vegas, Nevada, January 24-29, 1994

95. Gonik B, Hartwell BA: Detection of maternal blood contamination (CONTAM) in amniotic fluid (AF) by anti-I agglutination (AGGLUT). Infectious Diseases Society for Obstetrics and Gynecology, Monterey, California. August 3-6, 1994

103. Villanueva M, Svinarich D, Ostrea E, Gonik B: Detection of DNA constructs in meconium by the polymerase chain reaction. Infectious Disease Society for Obstetrics and Gynecology, Traverse City, Michigan. August 2-5, 1995

fetal immunologic contribution to chorioamnionitis. Society of Perinatal
Obstetricians, Kamuela, Hawaii. February 4-10, 1996

mortality at a tertiary center with critical care obstetrics. Society of Perinatal
Obstetricians, Kamuela, Hawaii. February 4-10, 1996

111. Chaim W, Foxman B, Gonik B, Sobel J: Relationship between recurrent vulvovaginal
candidiasis and blood phenotype. Society for Gynecologic Investigation,

112. Chaim W, Yelian F, Qureshi F, Jacques S, Gonik B: Is placenta accreta associated
with altered expression of extracellular matrix (ECM) proteins laminin (LM) and
entactin (EN)? Society for Gynecologic Investigation, Philadelphia, Pennsylvania.
March 20-23, 1996

113. Svinarich DM, Bitonti OM, Araneda H, Romero R, Gonik B: Induction and
posttranslational expression of granulocyte colony stimulating factor (G-CSF) and
regulated upon activation, normal T cell expressed and secreted (RANTES) in a first
trimester trophoblast cell line by lipopolysaccharide. Society for Gynecologic

possible role of cytotrophoblastic heparanase in implantation and trophoblast invasion.

115. Dalere MF, Gervasio CT, Gonik B, Svinarich D, Shankaran S: Interleukin-6 and
tumor necrosis factor alpha cord plasma levels among healthy term and preterm
May 6-10, 1996

116. Gervasio CT, Garcia DC, Dalere MF, Wolf D, Svinarich D, Gonik B, Shankaran S:
Interleukin-6 cord plasma levels are increased in infants with maternal GBS
colonization. The Society for Pediatric Research 39(4):295A, #1755, Washington,
D.C. May 6-10, 1996

in meconium of infected newborns by polymerase chain reaction. The Society for

118. Villanueva MET, Svinarich DM, Gonik B, Ostrea EM: Detection of DNA constructs
in meconium using polymerase chain reaction. The Society of Pediatric Research

122. McNamara M, Hall S, Gonik B: Prophylactic antibiotics (PA) are not necessary for manual extraction of placenta following vaginal delivery. Infectious Diseases Society for Obstetrics and Gynecology, 1996

123. McNamara M, Wallis T, Jacques S, Qureshi F, Gonik B: The maternal and fetal polymorphonuclear cell contributions in the placenta and umbilical cord of patients with clinical chorioamnionitis and preterm delivery. Infectious Diseases Society for Obstetrics and Gynecology, 1996

146. Tomlinson MW, Schwartz DB, Gonik B, Goyert GL, Bronsteen RA, Wright DJ, Daoud YA: Can fasting blood sugar (FBS) during 3-hour glucose tolerance test predict the need for insulin in gestational diabetes (GDM)? Am J Ob Gyn 180(2):91,537, 1999

175. Wong SF, Chow KM, Ho LC, Gonik B. Severe acute respiratory syndrome in an obstetric population. IDSOG Annual Meeting, Hyannis, Massachusetts. August 7-9, 2003

190. Goud PT, Goud AP, Diamond MP, Gonik B, Abu-Soud HM. Nitric oxide extends the oocyte “temporal window for optimal fertilization”. Society for Free Radicals in Biology and Medicine, Denver, Colorado, November 2006
