Founder, Genome Ally

Reproductive Endocrinologist/ Infertility Specialist/

Medical Geneticist

Grand Rapids, MI

April 23, 2024

8:00 AM

**“Latest Advances in Reproductive Genetics for
Disease Prevention and Improved Outcomes”**

Learning objectives:

1. Introduce latest developments in reproductive genetic testing.
2. Explore recent advances in preconception carrier screening for genetic risk identification.
3. Discuss innovations in preimplantation genetic testing for selecting healthy embryos.
4. Examine advancements in understanding genetic abnormalities of pregnancy loss.
5. Present real-world case studies demonstrating the impact of genetic testing on patient outcomes.
6. Facilitate a Q&A session to address audience inquiries about reproductive genetic testing.
